Sacramental Preparation - FIRST EUCHARIST - 2007-2008

Preparation is family-centered with intergenerational sessions planned to enrich your family's experience of the Sacrament. Families are offered tools to assist them in sharing their stories of faith, enriching their experience of the meal, celebrating together at Eucharist. Children are also provided with some instruction within the School Ministry and evening Religious Education classes. We emphasize that the most important part of First Eucharist preparation is coming to Sunday Eucharist on a regular basis.
